MEET LAND PHIL

He's helpful, he's large and he's in charge of Lincoln and Lancaster County's garbage.

He could use a little love.

Land Phil lives on Bluff Road in Lincoln. He's big **(171 ACRES AS A MATTER OF FACT. BUT, HEY, WHO'S COUNTING?)**. He needs constant care to stay tidy. Above all, he does a heap of good for our community, and we could do some things that would make his life a whole lot better.

KNOW RECYCLING

PAPER, CARDBOARD, AND METAL CANS (aluminum and tin) can get a second life by being recycled instead of sent to Land Phil. Some plastic items can too.

ONLY RECYCLE CLEAN PLASTIC CONTAINERS (#1, #2, and #5). Do **NOT** put other plastic items like wrappers or bags in the bin. Also, leave your recyclables loose—not bagged—to make sure they get that second life.

SAVE FOOD

Food waste is one of the most impactful ways we can change how quickly Land Phil is filling up. **IN THE UNITED STATES, 40% OF ALL FOOD IS WASTED—BUT WE CAN DO SOMETHING ABOUT IT.**

Understanding date labels can reduce food waste. These labels identify peak quality, not food safety (*infant formula exception). Look, smell, and taste to avoid food waste.

WASTE LESS

Repair appliances, mend clothes, share things with friends and family, buy something used instead of new, or donate an item you're no longer using. **ONE-AND-DONE ITEMS ARE FILLING UP LAND PHIL, AND HE'S FULL OF IT.**

CURBSIDE RECYCLING

Curbside is the most convenient way to recycle. Instead of driving to collection locations, our haulers will come right to you! All you have to do is separate your garbage and recyclables before taking them out to the curb.

Skip the hassle and bundle your curbside recycling with your current curbside waste services. **Sign up today with one of Lincoln's haulers!**
